

## CALL FOR PAPERS

# 2ND CEEM PH.D. CONFERENCE ON ELECTRICITY MARKETS

04 April 2024 | Paris-Dauphine PSL University, Paris

The Chair European Electricity Markets (CEEM) of Paris Dauphine is pleased to announce the 2st CEEM Ph.D. Conference on Economics of Electricity Markets. The conference is targeted at Ph.D. students from European Universities whose primary research is the Electricity Sector.

Over 2023 and 2024 the CEEM has launched a new research program on new market models that can address the different policy objectives of supporting investment for decarbonization, whilst ensuring security of supply and maintaining affordable costs for vulnerable consumers.

We invite submissions of papers (or extended abstracts) from current Ph.D. and Postgraduate students on innovative current research in the field of electricity markets. In particular, but not only, we welcome theoretical, empirical, and quantitative submissions on the following topics :

- Long term contracts in EU electricity markets (PPAs, CfS, etc.) ;
- The impact of rising shares of renewables on electricity markets;
- Issues associated with the development of decentralized resources, including storage and self-generation ;
- Pricing issues for end users ;
- Locational incentives to deal with congestion, eg. zonal and nodal pricing ;
- Governance and planning issues to ensure the resilience of the electricity system.

Students interested to participate can apply for coverage of travel expenditures. The selected papers will be considered for publication as CEEM working papers if the authors wish so and will be eligible for the financial compensation scheme associated\*.

### SUBMISSION

Please send your submission to  
[leopold.monjoie@dauphine.psl.eu](mailto:leopold.monjoie@dauphine.psl.eu)

### CONFERENCE DETAILS

The conference will be hold an on-site at Paris Dauphine PSL University.

### ORGANIZER

Leopold Monjoie - Chair European Electricity Markets (CEEM), Paris Dauphine PSL University  
Fabien Roques – Chair European Electricity Markets (CEEM), Paris Dauphine PSL University

### SUBMISSION DEADLINE

20 February 2024

### ACCEPTANCE DECISIONS

01 March 2024

\*The acceptance of a research paper among the Working Papers of the CEEM gives right to the lump sum of 1000€ gross. In view of the publication of the research paper in one of the academic journals listed below, additional compensation will be paid. Energy Journal, Energy Policy, Energy Economics: 5000€. Journals on the CNRS list, in the category of economics and management journals: 3000€. Other journals such as Revue de l'énergie, Economie et sociétés, with the agreement of the Scientific Director of the CEEM: 1500€.
